

# **Negotiations Update**

## **5-17-2018**

**The Bargaining Committee was able to come to an agreement with the Company on the overtime language. However, we have some open items and are still far apart on key issues, including: Pension, Wages, and Health Insurance.**

**Apparently, there was a False Union Update written that is circulating throughout some areas in the shop. This behavior is completely unacceptable and could potentially have a negative impact on negotiations. All of our Union Updates will come off of the Website and will now be posted as PDF's.**

**We will keep you updated as we progress through negotiations. Keep checking the website for updates as things progress ([uaw592.com](http://uaw592.com)).**

**In Solidarity,  
Your Bargaining Committee**
